Formulaire

Exploration France is a funding program implemented by the Department for Science and Technology of the Embassy of France to Japan and dedicated to researchers from Japanese institutions. The aim is to allow researchers based in Japan to discover and explore the French research and development landscape in their field of interest, thereby fostering the establishment of new French-Japanese collaborations.

All scientific disciplines are eligible.

The questions asked in the form mainly concern the candidate's research activities, their motivation for the exploratory mission and its organisation.

GENERAL INFORMATION

Nationality
